RI-001

Water Distribution for August

13 communities

186,000 liters

62,000 people

August was our second month of operating, and we reached our goal of serving 60,000 Palestinians by trucking water into communities. People often travel anywhere from 1km to 10km to find a water distribution event or they are turning to the sea to collect seawater to boil. Israel has made it illegal for Palestinians to collect seawater which further strains the daily struggle that Palestinians endure. Everyone deserves the right to the most basic aspect of life - water.

Yet, no Palestinian in Gaza has reliable access to water due to the constant evacuation orders, destruction, and limitations imposed by Israel. In many instances, Palestinians rely on crowdfunded efforts for survival.

Operation Realife is a 501(c)3 nonprofit organization.
