Water Distribution for July

8 communities

July was Operation Realife's launch month of our continuous water distribution initiative. Early on we experienced several obstacles in our operations. To start, the escalating military campaign limited our efforts for several weeks. After at-length conversations with our teams on the ground in the Gaza Strip, we halted our efforts for a short period of time.

RI-001 incorporates this level of flexibility within its structure to allow us to quickly start and stop our efforts. Its malleable structure prioritizes not only the safety of our teams, but also the beneficiaries we serve.

Despite this pause, we still made our mission happen - thank you for your understanding.

Operation Realife is a 501(c)3 nonprofit organization.
